Quick grant status update call. Wednesday, Feb 27 at 8 AM (30 minutes max)

Posted by Brett Boston on Feb 26 '13

Team:

As we discussed last Friday, there will be a very short grant status call tomorrow morning at 8 AM EST.

The numbers are:

888-670-3525

pin: 972-430-7054

Attendance is optional. The meeting will be a brief overview of materials collected and next steps on the grant.

I am posting regular meetings on the BaseCamp calendar.

Also, if you have not taken the short survey, please do so we can populate your team preferences and suggest new names for the Team (without using FirstNet):

<https://www.surveymonkey.com/s/FirstNetPoll>

We will have WebEx soon for all teams to use, as needed. Once the account is set up, I will provide the necessary codes.

A new PowerPoint overview is being created for your use in presentations to others. We hope to have it ready by tomorrow.

A press release and FAQ are also being created.

Let me know if you need anything.
